ANKLE SIZING GUIDE

Find your fit in three simple steps.

1

Set your printer's page scaling to 100%. Use the scale below to confirm your print is accurate before cutting.

2

Print this page and carefully cut out the strip along the dashed line, including the small slit marked near the top.

3

Wrap the strip around your ankle and thread the pointed end through the slit. The number lined up with the slit is your size.
